THE DEPUTY DIRECTOR OF CENTRAL INTELLIGENCE

22 November 1976

Dear Deena:

Angie and I spent a half-hour this past Saturday evening fascinated and intrigued by your show with Carter Brown concerning the King Tut treasures.

For beauty and intelligence, the program was unique and several of our friends and neighbors have commented favorably.

Thanks for making it all possible and kudos to you for your charm and grace displayed so impressively in program after program.

Onward and upward!

Faithfully yours,

E. H. Knoche

Mrs. Deena Clark
